

Commvault® Professional Foundations Instructor-led

Description

Learn essential skills for configuring and administering Commvault® software to protect data in virtual and physical infrastructures. This 3-day course provides all the information about the Commvault environment core components including:

- CommServe® server configuration
- MediaAgent design
- Agent deployment
- Storage configuration
- Data security

The class is balanced between technical discussions using detailed diagrams and white board sessions, and hands-on labs using an Education Services CVLab environment focusing on the Commvault Command Center™.

Prerequisites

It is recommended that you watch the Welcome to Commvault® e-Learning course. This course is included at no additional cost, as a part of the Commvault Professional Foundations registration, and is recommended to be completed prior to attending the course.

Who should attend this course?

This course is intended for personnel responsible for day-to-day administration and management of Commvault® software.

Certification

Completion of this course helps you prepare for the **Commvault® Professional Foundations Exam Certification**. The **Commvault Certified Professional V11 2020** is included free of charge as a part of the **Commvault® Professional Foundations Instructor-led** instructor and virtual instructor-led course registration.

Commvault® Professional Foundations Exam

The Commvault® Professional Foundations exam validates the skills required to configure and administer a CommCell® environment using the Commvault Command Center™. It proves a professional level skillset in the following areas:

- CommCell® Administration – user and group security, configuring administrative tasks, conducting data protection and recovery operations, and CommCell® monitoring.
- Storage Administration – deduplication, disk, cloud and tape storage configuration.
- CommCell Core Components – CommServe® server, MediaAgent and placement, client and agent configuration.

Passing the Commvault® Professional Foundations exam in combination with passing the Commvault® Professional Advanced exam results in obtaining the **Commvault® Certified Professional certification**.

Certification Exam Specifics

- **Total Questions:** 30
- **Time Allotment:** 75 Minutes

Highlights

Product Release

- Commvault Version 11

Delivery Methods

- Instructor-led
- Virtual Instructor-led

Duration

- Three day Instructor and Virtual Instructor-led

- **Passing Grade:** 75% (23 correct answers)
