

Commvault® On-Demand Virtual Lab

Description

The Commvault Virtual Lab (CVLab) allows you access to a vital learning tool that provides a flexible method for gaining hands-on experience with Commvault® software. You will have anywhere/anytime access to a running version 11 environment to review Admin console and CommCell® console options and settings, test configurations, and learn about new Commvault features. A lab guide is included to guide you through various features and configurations of Commvault® software. The CVLab shares a common console with our Education Advantage (EA) portal and is accessible 24-hours a day up to the amount of connect time purchased. CVLab connection time can be purchased in increments of 6-hour blocks with 90-Day access.

Who should attend this course?

The on Demand CVLab is designed to assist administrators and engineers practice using Commvault software in a prebuilt test environment.

Highlights

Product Release

- Commvault Version 11

Delivery Methods

- On-Demand CVLab
- 6-hour blocks
