

Commvault® Professional Bundle

Description

Learn essential and advanced skills for configuring and administering Commvault® software to protect data in virtual and physical infrastructures.

The core components for this self-paced training include:

- **Commvault® Professional Foundations**
This training uses the Commvault Command Center™ to learn about:
 - CommCell® Environment
 - Storage Configuration
 - Security
 - Servers and Features
 - Data Management
 - Monitoring
- **Commvault® Professional Advanced**
This training uses the CommCell® Console to learn about:
 - Deployment
 - Advanced Storage Configuration
 - Storage Policy Management
 - Monitoring with the CommCell® Console

Prerequisites

It is recommended that you watch the **Welcome to Commvault®** video. This course is included at no additional cost, as a part of the Commvault Professional Bundle, and is recommended to be completed prior to attending the course.

Who should attend this course?

This course is intended for personnel responsible for day-to-day administration and management of Commvault® software.

Certification

Completion of this course helps you prepare for the **Commvault® Professional Foundations Exam and the Commvault® Professional Advanced Exam Certification**. The **Commvault Certified Professional V11 2020** is included free of charge as a part of the **Commvault® Professional Bundle** instructor and virtual instructor-led course registration.

Commvault® Professional Foundations Exam and the Commvault® Professional Advanced Exam

The Commvault® Professional Foundations exam validates the skills required to configure and administer a CommCell® environment using the Commvault Command Center™. It proves a professional level skillset in the following areas:

- CommCell® Administration – user and group security, configuring administrative tasks, conducting data protection and recovery operations, and CommCell® monitoring.
- Storage Administration – deduplication, disk, cloud and tape storage configuration.
- CommCell Core Components – CommServe® server, MediaAgent and

Highlights

Product Release

- Commvault Version 11

Delivery Methods

- Self-paced Training

Duration

- CommCell® Environment - 45 Minutes
- Storage Configuration - 25 Minutes
- Security - 25 Minutes
- Servers and Features - 45 Minutes
- Data Management - 40 Minutes
- Monitoring - 20 Minutes
- Deployment - 2 hours and 30 Minutes
- Advanced Storage Configuration - 2 hours and 15 Minutes
- Storage Policy Management - 60 Minutes
- Monitoring with the CommCell® Console - 30 Minutes

Certification Exam Specifics

Commvault® Professional Foundations Exam

- **Total Questions:** 30
- **Time Allotment:** 75 Minutes
- **Passing Grade:** 75% (23 correct answers)

Commvault® Professional Advanced Exam

- **Total Questions:** 30
- **Time Allotment:** 75 Minutes
- **Passing Grade:** 75% (23 correct answers)

placement, client and agent configuration.

The Commvault® Professional Advanced exam validates the skills required to deploy and configure advanced options in a CommCell® environment using the CommCell® Console. It proves a professional level skillset in the following areas:

- Deployment of the CommCell® Core Components – CommServe® Server, MediaAgent and agents.
- Storage Advanced Configuration – deduplication, disk, cloud and tape storage.
- Storage Policies – Storage Policies advanced configurations.

Passing the Commvault® Professional Foundations exam in combination with passing the Commvault® Professional Advanced exam results in obtaining the **Commvault® Certified Professional certification**.
